Sponsor Thank You

Must be completed for those with show animals and with this book.

Write a thank you letter on 8x11 paper to the sponsor of your show listed on the web site. Be personal with your letter; include your accomplishments and activities. Do not use "To Whom It May Concern" to address the thank you.

Name: _____

School: _____

I am a member in good standing in _____

Club/Chapter _____

Grade: _____

Member and Parent/Guardian hereby certify that any drug, antibiotic or biological substance which may have been administered by myself or any other person, was done so in strict compliance with the manufacturers label requirements.

Member and Parent/Guardian hereby certify that I/we produced this animal, it was not fed any prohibited feedstuffs and feed additives like Paylean were fed in strict compliance with the manufacturers label requirements.

I agree to be responsible for caring for my project animal. This will include feeding, providing fresh clean water, providing health care, providing adequate housing, grooming, and showing. I understand that this project is to be an educational tool to learn life skills, as well as skills needed in the livestock industry. I understand that success in this project is not only determined at the show, but also on how well I maintain my record keeping. I also understand as owner of this animal project, it is my responsibility to keep accurate and timely records. I hereby certify that as the exhibitor of this project, I have personally kept records on this project, have personally completed this record summary and I understand and agree to these responsibilities.

Member Signature _____

Date _____

We the parent(s) or guardians of the above named youth agree to be responsible for providing financial help, if needed, along with assistance and encouragement while the exhibitor is participating in this project. I understand and agree to these responsibilities.

Parent or Guardian Signature _____

Date _____

This student is a member in good standing of my Chapter/Club, and this record book has been completed by the youth and is an accurate record of the project. The FFA Advisor, 4-H Agent or 4-H leader is responsible for visiting the youth and the animal to give assistance when needed. I understand and agree to these responsibilities.

FFA Advisor/Extension Agent/4-HLeader Signature _____

Date _____

Youth General Record Book Guide Lines

It is suggested that you use a Work Copy and then transfer records into a new book for the contest.

Notes from the judge:

1. Your Record Book should start on **First Tag/Weigh-In** of your animal.
2. Record Books should be completed on animal relating to your Youth animal project.
3. The only item that you should submit at check in is the record book. Please do not make it a scrapbook. Do staple at top.
4. Do not put record book in a binder.
5. Always double check your work, especially your math calculations.
6. Have someone check your project story for spelling and grammar before you write it in the final record book.
7. Your final record book should be hand written by the exhibitor.

Making sure your animal is at the best weight by Fair time is very important to the success of your project.

Animal Identification (1 point)	Expense (2 points)
<p>Place 1 Picture of Your Project Animal Here</p> <p>Trim picture to fit</p> <p><i>Use market price below if born on farm or given to you</i></p> <p>Market Price:</p> <p style="margin-left: 40px;">Fat Steer 1.10/lb</p> <p style="margin-left: 40px;">Feeder Steers 1.20/lb</p> <p style="margin-left: 40px;">Swine .40/lb</p> <p style="margin-left: 40px;">Wether 1.40/lb</p>	<p>SRF Tag #: _____</p> <p>Name: _____</p> <p>Breed: _____</p> <p>Color: _____</p> <p>Purchase Date: _____</p> <p>Purchase Price: \$ _____</p> <p>Purchase Weight: _____</p> <p>Price/Pound: \$ _____</p> <p style="text-align: right; font-size: small;">price/pound = cost ÷ weight</p> <p>Breeder: _____</p> <p>City: _____</p> <p>State: _____</p>

What was the breed composition of your animal and why did you choose that? (4 points)

Rate of Gain – Estimated Required Average Daily Gain (3 points)									
<p><i>Making sure your animal is at the appropriate weight by the time of sale is critically important to the success of your project. Using the estimated end, to calculate the estimated required average daily gain that your animal needs to maintain to make market weight at the time of fair.</i></p>									
Tag #	Estimated Proper Finished Weight		Beginning Weight		Total Required Gain		Days in Feeding Period		Estimate of Required Average Daily Gain
		-		=		÷		=	

Project Terms & Explanations
<p>Notes for Project Inventory -</p> <ol style="list-style-type: none"> 1. Project Year - Based on a calendar year. Current project year is same year as current Fair. 2. Date acquired - List the date you obtained this item, on items older than 1 year, the year will be sufficient. 3. Purchase cost or value - What did this item cost when you obtained it? (Fair market value) 4. Value at Beginning of Project- Same as purchase cost for items purchased current calendar year. On items from previous years this should be the value from last year's ending inventory or depreciated value of 10% of purchase cost per project year. 5. Depreciation of 10% - This will be 10%, per calendar year, of the original purchase cost for the items you will still have at the end of the project. This includes items you had at the beginning of the project as well as items purchased during the current calendar year. Depreciation is the loss in value of your assets and is an expense. 6. Value at the end of the project- This is the value at the beginning of the project minus the depreciation.

Health Care Records (4 points)

This should include a record of any health related activities (de-worm, vaccinate, or use of veterinarian services for any other reason). Include well animal care (such as health certificate, veterinary, farrier).

Date	Description	Treatment Administered		Withdrawal Time (on label)
		Product	Dosage	

I certify that I produced this animal, it was not fed any prohibited feed-stuffs and I have listed ALL products and treatments they received while in my care:

Youth Signature _____

Parent/Guardian Signature _____

Weight Records (4 points)

Keep track of the weight gains of your animal. Be sure to include the beginning weight and your estimated final weight at Fair check-in. If you do not have access to scales, use a weight tape.

Date	Weight	Pounds Gained Since Last Weighing	Number of Days Since Last Weighing	Average Daily Gain (ADG)*
Begin Weight				
Estimated End Weight				

* ADG = pounds gained since last weighing, divided by the number of days since last weighing.

Total Gain _____

Total Number Of Days On Feed _____

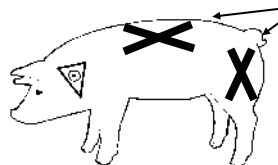

"Produce healthy and safe products by being a knowledgeable and responsible producer."

Give **Subcutaneous (Sub-Q) injections** under loose skin of neck, using the tented method.

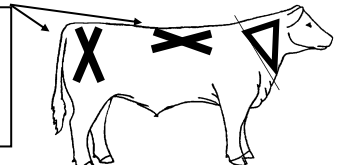

Give **Intra-muscular (IM) injections** in the neck.

If label indicates a choice,

use **Sub-Q** (under the skin) injections over **IM**.

NEVER – Inject into
the ham or round
or loin areas

Pictures Of Your Project (8 points)

Show the beginning and end of your project along with two different skills that you have learned. This should include **a minimum of 5 pictures and a maximum of 8 pictures**. Include a caption with each photo. The captions should tell a story. The pictures and captions should compliment your project story. Explain what you are doing and why you are doing the things shown in the picture. What skills are you demonstrating and why? Spelling and grammar are included in the judges' decision.

Pictures Continued

Project Story Outline (8 points)

As a non-market project exhibitor, you are the best person to help promote the program. You will be writing to persuade others to participate in this project. Use your own experiences to tell others what it takes to have a good non-market project.

Use the following prompts to help you come up with ideas to write your story. These are ideas and do not need to be in complete sentences. You may include other ideas in your final story.

I. Introduction - Introduce your story and capture the reader's interest. Are you going to start your story with:

- A fact
- An anecdote
- A description
- A question
- A Quote

II. Why did you choose to do this project?

- a. _____
- b. _____
- c. _____

III. What did you like about this project?

- a. _____
- b. _____
- c. _____

IV. What did you learn from this project?

- a. _____
- b. _____
- c. _____

V. Summary - Leave the reader with the idea or impression you want them to have.

Use these ideas to help you write your story.

Project Summary (14 points)

Estimated Market Prices: Fat Steer 1.10/lb, Feeder Steers 1.20/lb, Swine .40/lb, Wether 1.40/lb
